

Nandini Singh

.Net Full Stack Developer

Mathura, India • +91 8077887291 • nandinisingh.creator@gmail.com

I am having 3+ years of experience with a passion for crafting robust and scalable web applications. Leveraging proficiency in C#, along with expertise in frameworks including ASP.NET Core, ASP.NET MVC, and Angular Framework, to design and develop innovative solutions. Seeking to contribute my technical acumen and problem-solving abilities to an organization where I can make a significant impact through cutting-edge software development initiatives.

WORK EXPERIENCE

.Net Full Stack Developer at Tata Consultancy Services, Gurgaon

2021-Present

- Successfully delivered end-to-end solutions, ensuring the seamless integration of frontend and backend components using .Net Core, Angular.
- Actively involved in development projects and successfully delivered websites in this tenure where we started from scratch.
- Built Restful APIs as per the requirement of the products using ASP.Net WEB API, Entity Framework and Swagger.
- Actively delivered User Stories and features as per the acceptance criteria and well within the deadlines.
- Maintained the production and live environments by diligently identifying and rectifying bugs, ensuring optimal system functionality and performance.
- Collaborate with team members to reproduce and understand reported issues, ensuring clear and accurate bug descriptions for efficient resolution.
- Actively contribute to Agile ceremonies, including sprint planning, daily stand-ups, sprint reviews, and retrospectives
